

Tropical Space is located in Ho Chi Minh city, which was established in 2011 by two founders:

Architect Nguyen Hai Long (DoB: 14/2/1977) – Master degree of Architecture at Ho Chi Minh City University of Architecture – Principal Architect

Architect Tran Thi Ngu Ngon (DoB: 27/6/1979) – Bachelor degree of Architecture at Ho Chi Minh City University of Architecture – Director

Design philosophy:

Architecture with simple shapes, focus on ventilation solution and natural lighting which is suitable with the tropical climate. Meanwhile, encourage clients using raw materials which are economical and sustainable

Public Project:

Termitary House – Complete year: 2014

Wasp House - Complete year: 2015

NDC House - Complete year: 2016

Terra Cotta Studio - Complete year: 2016
